## KINSTON NAMES '64-'65 HONOR STUDENTS

Four honor students have been named from the 1964-'65 graduating class at Kinston High School. They are Gerald Prescott, son of Mr. and Mrs. Ester W. Prescott, with an overall grade point average of 94.2; Jimmy McInnis, son of Mr. and Mrs. Lewis R. McInnis with a grade point average of 93.6; Gerald Martin, son of Mr. and Mrs. Paul Martin with a grade point average of 90.8; and Jerry Wise, son of Mr. and Mrs. James L. Wise with a grade point average of 90.3.

All four of the above named honor students have taken the college preparatory courses during their high school years and will receive Academic Diplomas.

## Funeral Services Held Monday For Colonel P.S. McClung

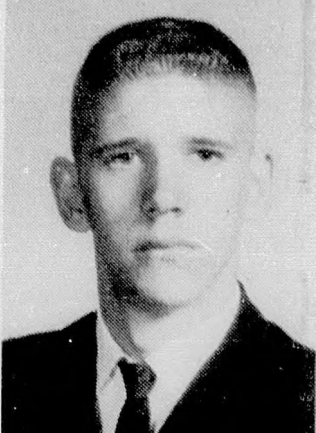

Colonel P.S. McClung died Sunday afternoon, March 7th. He was well known by members of the Armed Forces, many who live in this area. He was a retired Colonel, commanding 11th Field Artillery.

Colonel McClung's first military experience was as an enlisted man in the First Florida Infantry, from 1901 to 1906. In 1915, he organized Company E, Second Alabama Infantry, and was appointed Captain. In 1916, this unit was called into Federal service and sent to the Mexican Border at the same year. Captain McClung was promoted to Major. In 1917, the Second Alabama Infantry was drafted into the service of the United States for World War duty and transferred to the division of the United States Army. In 1922, he organized the Headquarters Battery and Combat Train, 17th Field Artillery, and was appointed Captain. He was promoted to Lieutenant Colonel in 1924 and to Colonel in 1925.

Funeral services were held Monday afternoon in Florida.

## Health Department To Be Closed

The Coffee County Health Department will be closed Wednesday, Thursday, Friday, March 10, 11, 12, while the personnel are attending the Public Health Workers Conference in Birmingham.

## BLOOD MOBILE

Continued from front page. People in the West Coffee area might die each year. Your support is needed as a donor of blood when the program is set up in Elba. Those contributing blood will have many advantages if they themselves should need a blood transfusion. Commercial blood will cost an individual \$35 per pint as compared to Red Cross blood costing an average of eight to ten dollars a pint.

This request for blood donors applies to people who live in the trade area of Elba as they will be entitled to free blood, the only charge being the administering of the blood by the hospital. When anyone in a family gives blood regularly they will be given a card entitling them to secure blood, if needed, anywhere in the United States.

Employees of Dorsey Trailers given generously every time the bloodmobile makes a visit to Elba, but other residents should not depend on them giving the entire quota of 124 pints of the red substance could mean the difference between life and death of an accident victim or surviving of an ill patient. Having a generous supply of blood on hand at the Elba General Hospital is of the utmost importance.

Give blood when the bloodmobile visits Elba Friday, March 19th. It takes only a few minutes of your time and there are no ill after effects from donating blood. Doctors and nurses will be on hand to check all donors.

## RED CROSS

Continued from front page. Red Cross helps individual families get back on their feet by providing help over and beyond their own resources. This help may include food, clothing and maintenance, replacement of essential household furnishings, repair and rebuilding of homes, long-term medical and nursing care, and replacement of occupational supplies and equipment. All Red Cross help to disaster victims is an outright gift.

The local quota is \$2,500.00. The drive will get moving about March 19th and continue through the balance of March.

## Coffee County Places 5 On Dean's List

Five University of Alabama students from Coffee County were among 479 who have been named to the Dean's List for last semester, 1964. To be eligible for the Dean's List a student must make a 2.5 or better academic average, 2 point being "B".

## BAND

Continued from front page. Lusia was highly impressed with both of their performances. Suzanne played Sonata in G Minor by Henry Purcell, and Eddie played a "Trumpeter's Lullaby" by Leroy Anderson.

The Elba High School Band will be presented in concert this coming Friday night, March 12, 1965, at 8:00 P.M. The band will play the music that gained it All-State honors. Also on the program there will be Blue Tango by Leroy Anderson, Colorado, a medley of show tunes, and the Blue and Gray, a Civil War Suite full of popular Southern songs.

This concert should prove to be an enjoyable and interesting evening of music so don't miss it.

Employees of Dorsey Trailers given generously every time the bloodmobile makes a visit to Elba, but other residents should not depend on them giving the entire quota of 124 pints of the red substance could mean the difference between life and death of an accident victim or surviving of an ill patient. Having a generous supply of blood on hand at the Elba General Hospital is of the utmost importance.

## Legal Notices

THE STATE OF ALABAMA  
COFFEE COUNTY  
PROBATE COURT

IN THE MATTER OF THE ESTATE OF FRED JOHNSON, DECEASED.

Camille Johnson  
Executor, Adm. of Prop.

CURRY TAYLOR AND OLLIE B. TAYLOR, Co-Executors, and

NATIONAL SECURITY INSURANCE COMPANY, a Corporation, Respondent and Co-Respondent.

NOTICE OF FORECLOSURE SALE  
Under and by virtue of the provisions of that certain deed made and entered in the Circuit Court of Coffee County, Alabama, in Equity, on the 27th day of February, 1965, in that certain cause wherein Curry Taylor and Ollie B. Taylor, Co-Executors, and National Security Insurance Company, a Corporation, are Respondent and Co-Respondent, and the Court of said County, Alabama, in the City of Elba, on the 22nd day of March, 1965, in the highest bidder for cash, the following described real property, to-wit:

One lot or parcel of land together with the improvements thereon on the West side of the Elba-Branley Highway, in the Southeast corner of and now owned by J. D. Smith, and running in a southerly direction along the line of said J. D. Smith, 100 feet, to the Elba-Branley Highway, 525 feet, to a point of bearing, being all of low way of S.W. 1/4, Section 5, Township 3 S., Range 10 E., of the Elba-Branley Highway, beginning at the intersection of said highway, and running North 90 degrees, 10 minutes, 30 seconds, East, 100 feet, to the Elba-Branley Highway, 525 feet, to a point of bearing, being all of low way of S.W. 1/4, Section 5, Township 3 S., Range 10 E., of the Elba-Branley Highway, beginning at the intersection of said highway, and running North 90 degrees, 10 minutes, 30 seconds, East, 100 feet, to the Elba-Branley Highway, 525 feet, to a point of bearing, being all of low way of S.W. 1/4, Section 5, Township 3 S., Range 10 E., of the Elba-Branley Highway, beginning at the intersection of said highway, and running North 90 degrees, 10 minutes, 30 seconds, East, 100 feet, to the Elba-Branley Highway, 525 feet, to a point of bearing, being all of low way of S.W. 1/4, Section 5, Township 3 S., Range 10 E., of the Elba-Branley Highway, beginning at the intersection of said highway, and running North 90 degrees, 10 minutes, 30 seconds, East, 100 feet, to the Elba-Branley Highway, 525 feet, to a point of bearing, being all of low way of S.W. 1/4, Section 5, Township 3 S., Range 10 E., of the Elba-Branley Highway, beginning at the intersection of said highway, and running North 90 degrees, 10 minutes, 30 seconds, East, 100 feet, to the Elba-Branley Highway, 525 feet, to a point of bearing, being all of low way of S.W. 1/4, Section 5, Township 3 S., Range 10 E., of the Elba-Branley Highway, beginning at the intersection of said highway, and running North 90 degrees, 10 minutes, 30 seconds, East, 100 feet, to the Elba-Branley Highway, 525 feet, to a point of bearing, being all of low way of S.W. 1/4, Section 5, Township 3 S., Range 10 E., of the Elba-Branley Highway, beginning at the intersection of said highway, and running North 90 degrees, 10 minutes, 30 seconds, East, 100 feet, to the Elba-Branley Highway, 525 feet, to a point of bearing, being all of low way of S.W. 1/4, Section 5, Township 3 S., Range 10 E., of the Elba-Branley Highway, beginning at the intersection of said highway, and running North 90 degrees, 10 minutes, 30 seconds, East, 100 feet, to the Elba-Branley Highway, 525 feet, to a point of bearing, being all of low way of S.W. 1/4, Section 5, Township 3 S., Range 10 E., of the Elba-Branley Highway, beginning at the intersection of said highway, and running North 90 degrees, 10 minutes, 30 seconds, East, 100 feet, to the Elba-Branley Highway, 525 feet, to a point of bearing, being all of low way of S.W. 1/4, Section 5, Township 3 S., Range 10 E., of the Elba-Branley Highway, beginning at the intersection of said highway, and # Farm NEWS

BY TOM CASADAY, CO. AGENT

Jake Morrow of Morrow and Peanut Company in Elba and several stores throughout the county are signing up producers who plan to grow peas for a frozen food program in Tennessee. About 1,000 acres are needed for this market. The price per ton this year will be \$70. If you are interested in planting peas for this market, please contact Jake Morrow or the county agent's office in Enterprise.

Plans are underway to hold one big meeting on chemicals to be used on corn, cotton, and peanuts for weeds and grass control.

One big problem that Coffee County farmers face is knowing the types of equipment available to put out chemicals. We are planning a meeting of this type in cooperation with tractor and implement dealers in Coffee County to be held the week of March 22, 1965.

The following information was taken from an agricultural bulletin that I received monthly. They had this to say about dairying

RAD Committee, will assist us with this program.

L. B. McCall of the Goodman Community and other folks in the county who are interested in hogs are trying to get everything lined up now to take advantage of the good prices expected in July and August.

Those of us in the county Agent's office and other farm leaders think that we can triple hog production in Coffee County in the years ahead.

Folks are doing a lot of plowing now and other outside work. Farming is a dangerous business. I want to caution Coffee County farmers and others to be extremely careful with machinery. Most of the serious accidents happen early in the season.

We have a number of plant disease handbooks free of charge that are available to Coffee County folks. Come by the office for one or call and let us know and we will send you one.

Robert Stephens of the Damascus Community attended the annual stockholders meeting of the Wiregrass Farmers Product Market last week in Dothan. Collier Freeman, President of the Market, reported that last year was the best year to date. If given good weather conditions, this year can be a lot better according to Freeman.

Stephens was re-elected director from Coffee County. He is one of the few men in our county who realizes the great potential of truck crops in the Wiregrass area. It is always a pleasure for me to work with him.

## FARM BRIEF

More than a billion dollars' worth of fruits and vegetables are marketed each year under the U.S. Department of Agriculture.

Limiting according to soil test recommendations can return six dollars for every one dollar spent. Lime applied acid soil increases growth and crop yields.

Plant roots cannot grow normally and absorb enough plant food and water in an extremely acid soil. The lime improves all conditions for plant root growth. In addition, lime supplies calcium, a vital plant nutrient. Better crops and pastures also mean healthier and more profitable livestock.

G. E. Averett, W. J. Smith, Carl Godwin, F. F. Henderson, Jim Frank-Waters and Billy Hornsby are the Coffee County Peanut Producers that made the 2,500 Pounds Peanut Club in 1964. This group along with other peanut producers that made 2,500 pounds per acre will be attending a banquet given in their honor March 18, 6:00 p.m. at the Houston Hotel in Dothan.

If you have been wondering how to increase your peanut yield you might want to talk to one of these men about production practices that they follow.

Despite varying weather conditions, many people in the county are already turning their gardens and getting ready for spring. A list of the hardy vegetables that should be planted soon are: Irish Potatoes, English Peas, Cabbage, Onions, Turnip Greens, Carrots, Lettuce, Kale and Mustard.

Nitrogen produces rapid growth in plants, gives them a dark green color and increases the yield of seed and fruit.

You can't afford not to use recommended varieties of any crop. The recommended varieties have been tried and proven.

**Farm Briefs**  
An estimated average 40-year income for a male college graduate is 60 percent more than for the average high school graduate.

Ever thought of trying something different in your early spring garden this year? Add broccoli to the old favorites—collards and turnips. Broccoli has about the same cultural requirements as collards.

FARM AND 4-H Round-Up  
By H. B. Thompson, Agr. Co. Agent

"Good-Bye Mr. Roach" is the title of the 4-H Club Demonstration for the month of March. This program stresses the importance of roach control in and around the home.

Due to the AEA Holiday next week several of the club meeting dates have been changed. New Hope, Curtis, Mt. Pleasant, Goodman, Zion Chapel, Kinston and New Brockton will meet this week. Fairview and Damascus will meet Monday, February 15.

The Enterprise Chamber of Commerce is sponsoring a corn contest in Coffee County this year. In order to participate in the contest it will be necessary to plant corn by May 1.

The Dothan Chamber of Commerce is sponsoring a similar contest in the Wiregrass Area.

The Coffee County Contest includes a separate contest for "in school boys below 21 years of age." We believe that this contest will stimulate a renewed interest in corn production.

If you are interested in entering this program please let us know before the deadline.

We want to express our thanks to these two Chambers for their sponsorship and cooperation in the total agriculture program.

## Opportunity Loans Aid Farm Development

A new program of small loans coupled with farm management assistance is now open to farm families with limited incomes in Coffee and Dale Counties, Bill Ray, County Supervisor for the Farmers Home Administration, said today.

Ray said farmers in Coffee and Dale Counties can participate in the loan program to develop higher returns from their farming operations.

Loans up to \$2,500 are available to farm families with limited incomes who cannot qualify for financial assistance under regular loan programs of Farmers Home Administration or private lenders.

Opportunity loans are aimed at helping farm and rural families earn more income through their own enterprises, Ray said.

Loans to farmers operating small, limited income farms may be used to purchase livestock, machinery and equipment, construct or repair farm buildings, pay annual operating expenses for seed, feed and fertilizer, refinance real estate debts and purchase land.

The loans also may be used by "in school boys below 21 years of age." We believe that this contest will stimulate a renewed interest in corn production.

If you are interested in entering this program please let us know before the deadline.

We want to express our thanks to these two Chambers for their sponsorship and cooperation in the total agriculture program.

To qualify for loans to finance agricultural enterprises an applicant must be a farmer and have earnings that are too low to cover basic family living needs. In addition, he must be unable to obtain credit through other sources, including regular loan programs of the Farmers Home Administration.

Farmers Home Administration county supervisors will assist borrowers in planning farm operations and management of loan funds.

In addition to loans for farming, Farmers Home Administration may now make loans for nonagricultural enterprises that will produce added income.

The agency also administers other rural economic opportunity programs, including loans and technical assistance for small cooperatives serving rural families who have limited income and little debt carrying ability.

Additional information on loan programs under the Economic Opportunity Act is available at the Farmers Home Administration Office in Enterprise at 16 East Avenue or at the office in Ozark on Thursday mornings from 8:00 until 12:00 o'clock. The office in Ozark is located in the County Activities Building.

**FARM BRIEFS**  
If you plan to start raising feeder pigs, or are already in the business, a good system of production and cost records will help improve quality, reduce costs and increase net income.

Loans are repayable over periods of up to 15 years. They carry an interest rate of 4-1/8 percent.

Limiting according to soil test recommendations can return six dollars for every one dollar spent. Lime applied acid soil increases growth and crop yields.

Plant roots cannot grow normally and absorb enough plant food and water in an extremely acid soil. The lime improves all conditions for plant root growth. In addition, lime supplies calcium, a vital plant nutrient. Better crops and pastures also mean healthier and more profitable livestock.

Number of persons in the U.S. doing farm labor totaled 6,100,000 last year, six per cent below the number of the previous year.

The average American ate nearly 100 pounds of beef last year. This is the highest per capita consumption in history.

When selecting a tree for your yard, be sure to consider eventual height, shape and texture.

Since feed represents about 80 percent of the cost of producing hogs, a successful hog program requires a carefully planned, efficient feeding program.

## PTO Meeting Held Thursday Night

The monthly PTO meeting was held Thursday night with Joseph Saunders, president, presiding. Mrs. Bowden Sessions, secretary, read the minutes and John L. Carnley, treasurer, made a report.

The devotion was given by Reverend Johnson, pastor of Fairview Baptist Church.

Doctor B.A. Forrester, president of the Junior College in Enterprise, spoke to the group on the work at the college and then gave an opportunity for them to ask questions.

Coach Purnell's home-room and Mrs. Medlock on loan programs under the Economic Opportunity Act is available at the Farmers Home Administration Office in Enterprise at 16 East Avenue or at the office in Ozark on Thursday mornings from 8:00 until 12:00 o'clock. The office in Ozark is located in the County Activities Building.

## Wallace Launches 1965 Easter Seal Campaign In Alabama March 1

Governor George Wallace met 11-year-old Tommy Bumpers, of Selma, Monday and launched the 1965 Easter Seal Campaign in Alabama.

Tommy is the state's Easter Seal Child. He will represent all children of Alabama who are crippled and need help during the campaign March 1 through Easter Sunday, April 18.

The Easter Seal Child rolled into the Governor's office in a wheelchair and presented the Society's annual report and the first sheet of Easter Seals.

Tommy is the son of Mr. and Mrs. J. T. Bumpers. He is a victim of cerebral palsy, and has been confined to the wheelchair since he was three. He hopes desperately to walk but doctors say he must first have surgery. A future operation is already planned for Tommy. Treatment and appliances are being given jointly by the Alabama Society and the State Crippled Children's Service.

The Alabama Society last year gave various rehabilitation services to nearly 15,000 of Alabama's crippled children.

### Driver License Issued On Friday

Do you know why so many people don't get a driver license when they first apply?

They did not prepare themselves.

a. The driving handbook is available at State Trooper Headquarters, Probate Offices and the Examiners Office. By all means, study this informative pamphlet before you apply.

b. All minor applicants (under 21 years old) must present their birth certificate to be recorded by the examiner before the test will be given.

c. Applicants over 15 years old, but under 16 years old applying for a learner's permit must be accompanied by a parent.

d. Applicants over 16 years old but under 18 years old must be accompanied by a parent.

See ghosts? Find television service fast in the YELLOW PAGES. Where your fingers do the walking.

Nowadays it's no fun to shop in the giant stores where it takes so much time to find what you want and then have to patiently wait for either a clerk or stand in line at the check-out counter.

For your medicines and health-aids, come to our pharmacy. You will be quickly welcomed, served courteously and get exactly what you ask for. How much is your time worth? You will save a lot of it here.

old may apply for a motor driven cycle license (the vehicle must not exceed 5 brake horsepower). This applicant must also be accompanied by a parent.

e. The examiner is permitted to waive the road test for some new Alabama residents if the applicant has a current out-of-state driver license.

f. All applicants ready for the road test must be accompanied by a licensed driver.

g. The best time to apply for the test is either 8:00 A.M. or 1:00 P.M.

The Driver License Examiner's office in Elba is located at the Courthouse and is open Friday of each week from 8:00 A.M. to 5:00 P.M.

Witnesses State Convention March 12-14

Jehovah's Witnesses of this area will join the 600 expected delegates at their semi-annual circuit convention March 12 through 14, J. L. Harper, president of the local congregation, said the gathering will be held at Opp and will be an event featuring intensive Bible instruction and training in the Christian Ministry.

"Willingly Fulfill Your Ministry" is the assembly theme, and sessions will center around the ministerial activity of Jehovah's Witnesses of Alabama and east Mississippi who will be in attendance.

The keynote address will be "The Moral Breakdown—What Can Be Done About It?" Nicholas Kovalak, an ordained minister for more than thirty years and a regional representative of the New York world headquarters of the Witnesses, will be the convention's principal speaker. In addition to his keynote address, Mr. Kovalak will also deliver an address on Dedication and Baptism, to be followed by an immersion ceremony.

### Robert Andress Joins Methodist Staff

Robert Andress, Director of Adult and Youth work at First Methodist Church, Montgomery, Alabama, joined the staff of the Conference Council of the Alabama-West Florida Conference, The Methodist Church, March 1.

Mr. Andress, a layman, has been employed in Christian Education for the past eight years and will direct the youth work for the Conference.

Born in Andalusia, Alabama, Mr. Andress has lived in the Alabama-West Florida Conference all his life and has been educated in the church related schools of the denomination. He received his baccalaureate degree at Huntingdon College and a Masters in Christian Education at Emory University, Atlanta, Georgia.

A veteran, Mr. Andress served two years with the U.S. Army with duty in Germany. Mr. Andress is married and is the father of three daughters, Becky, age 10, Robyn 5, and Ruby Anne 21 months.

## Bloodmobile To Make 4th Visit Friday

The Bloodmobile will make a visit to Elba this Friday, March 19th. They will meet at the First Methodist Church Educational Building on this visit. On the first three trips they set up at the First Baptist Church.

The Red Cross Blood Program was established to make whole blood and blood derivatives available to physicians so that they may provide blood therapy to patients. The Red Cross provides approximately 50 percent of all the blood used by physicians and hospitals. By agreement with the Department of Defense, the Red Cross is prepared to coordinate expansion of the program at a time of national crisis to meet the needs of the armed forces and civil defense.

The program was extended to this area just continued to page 2

BILL BRUCE (left), son of Mr. and Mrs. Bill Bruce, Sr., of Elba and a student of Elba High School, was one of more than 150 top high school students from over the Southeast taking part in Honor Scholarships Program Competitive testing at Howard College this week-end. Here, he chats with Howard Director of Student Personnel Services, Dr. Bill Lunceford (center) and Jerry Whitehead, Abbeville; William Hunter, Dothan; and Jim Huskey, Dothan. Howard will award 15 tuition scholarships to students compiling highest scores in the competition.

## Dorsey Trailers Topic At C Of C Meet

Mr. George Lamar Collier, president of Dorsey Trailers, was the speaker at the regular monthly meeting of the Elba Chapter of Commerce Thursday night and used as his topic a subject that affects everyone in this area - Dorsey Trailers.

The meeting was opened by the president, Doug Easters, and after the reading of the minutes continued to page 2

## Cattle Sale Stated In Enterprise

The Special Spring Cattle Sale will be held in the Enterprise Livestock Auction Barn, Geneva Highway, Enterprise, Alabama, on Wednesday, April 14.

## Junior Choir Participates In Music Festival

Thirteen members of the Junior Choir of the First Baptist Church participated in the District Church Music Festival in Dothan Saturday, March 13, and were given the top rating of Superior by all three judges. The choir was graded on tone quality, blend, balance of parts, interpretation, general effect and appearance.

Choir members attending the festival were Jimmy Bailey, Lewis Bruce, Ralph Graham, David Jacobs, Jack Smith, Patsy Bruce, Patricia Clark, Mary Collier, Pamela Davis, Deborah Houtt, Beth Proctor, Cynthia Smart, Leigh Sweetland.

Adults accompanying the boys and girls to Dothan were Mr. and Mrs. C. T. Proctor, Mrs. Olen Bailey, Mrs. Charles Jacobs, Mrs. Charles Graham, choir director, and Mrs. George Collier, accompanist.

## Mrs. Rainer Chosen '65 Woman Of Year

Monday night, March 8, throughout her life not only Mrs. Lamar Rainer, Senior achieved personality, but who has made notable contributions to her community.

Nominees for this award were recommended by civic clubs in Elba and out of town judges selected the woman of Achievement on the basis of these recommendations.

Club in order to recognize some citizen who has

Participants not pictured are Carol Proctor and Tina Anderson.

## Red Cross To Raise \$2,500.00

The Elba Red Cross Chapter has kicked off a campaign to raise \$2,500.00 to help finance the continued work of the organization in meeting needs of a changing community, a changing nation, and a changing world.

National theme for the 1965 Red Cross campaign for members and funds is "Join Up... Join In," according to Fred Clark, Elba campaign chairman.

Clark said the drive places a singular focus around us to recognize that the world we live in is vastly different from that of even a generation ago, he pointed out.

While changes may be more noticeable in sprawling urban areas, hardly a community has been left untouched, he said.

The Elba area is no exception.

Similarly, if the Red Cross is to continue to be a dynamic force in our community, the campaign chairman stressed, "it must be equipped to serve the needs of a rapidly changing society."

There is firm evidence that the Red Cross, the nation's largest non-governmental community service institution, is gearing to meet the challenge.

Already in operation, Mr. Clark reported, is a modernized, more functional method of providing assistance to chapters, and a revamping of the organization's volunteer structure introduced only months ago is receiving an enthusiastic reception.

Meanwhile, Red Cross services continue to grow, capped by new records the past fiscal year in blood donations and in certificates for training in water safety.

He cited the continuing role of the Red Cross in bringing help to members of the Armed Forces and their families wherever they are stationed, whether in Vietnam or at nearby Fort Rucker.

## French Club Represented At Meeting

Miss Sylvia Jones, sponsor, Nancy Harrison, president, Martha Dubose, Larry Smith represented the Elba High School French Club at the State French Club Convention at the University of Alabama March 6 and 7.

Prior to the convention, a committee consisting of Larry Smith, Nancy Harrison, Patsy Moore and Angela Pope met and decided on the topic "Architecture in France" as the central theme for their exhibit. They proceeded to show examples of this architecture dating from Romanesque to Modern and reports were written to supply the history of each example.

The members of the team are standing left to right: Claude Mosley, son of Mr. and Mrs. Joe Mosley; Jerome White, son of Mrs. William White and the late Mr. White; Marion Price, son of Mr. and Mrs. Leroy Price; Dennis Smith holding the team trophy, son of Mr. and Mrs. Arthur D. Smith; Blaine Scarborough, son of Mr. and Mrs. Fred Moore; son of Mr. and Mrs. Fred Moore and kneeling, Don Wambles, son of Bessie Dell Wambles of Elba and J. D. Wambles of Montgomery. Don also won an individual award when he was voted the most valuable player in the state tournament.

Coaches or this team of young champs are Arthur Smith and William Scarborough. Collins Parrish is the RA Crusaders council.

## HOLMES ENTERS LAW PARTNERSHIP HERE

Mr. and Mrs. Richard Lee Holmes, of Mobile, are now living in Elba. Mr. Holmes is associated with Mr. Robert E. Cannon in the practice of law.

Both Mr. and Mrs. Holmes attended Southern University at Memphis, Tennessee and received their BA degrees from the University of Alabama. Mr. Holmes received his LL.B. degree from the University of Alabama Law School in 1960. Upon graduation, Mr. Holmes was affiliated with the law firm of Hamilton, Deniston, Butler and Reddick, of Mobile, and later, the Blackmar Firm, of Montgomery.

Mr. Holmes is a member of Sigma Alpha Epsilon fraternity, the American Bar Association and the Federal Bar Association. He was released from the army on March 4 and awarded the Army Commendation Medal by the Secretary of the Army.

Mr. Holmes is a member of the "Lunford house" on the Enterprise highway. They have been the inspiration for several parties since their arrival in Elba in late February.
